Dear Sirs:

I would like to extend my appreciation to your firm for services and product rendered at our Silver Mountain Idaho project site. I was extremely impressed with the ability and professionalism in your chief installer Mr. Jared Santoro. Our jobsite offered Jared a challenging circumstance, but he not only successfully completed the job, he did so thoroughly and did not leave until the project was finished. Because of this we were able to keep on our tight schedule.

I appreciate not only you working us into your schedule on such a short notice, but also sending a top notch professional such as Jared. I assure you that BTL will have all our liner business in the future here in the Inland Northwest.

Sincerely,

Greg Frohn, owner
